

# Master Salad Dressing

1-day batch — make every Sunday

## Sunday Batch (glass mason jar)

| Ingredient       | Amount  | Notes                                       |
|------------------|---------|---------------------------------------------|
| Olive Oil        | 14 tbsp | Or: 7 tbsp Terra Delyssa + 7 tbsp Snake Oil |
| Balsamic Vinegar | 7 tbsp  | Just under ½ cup                            |
| Tomato Puree     | 7 tbsp  | Just under ½ cup                            |
| Dijon Mustard    | 7 tsp   | Sugar-free                                  |

Whisk or shake vigorously until fully emulsified. Store in a dark spot in the fridge if using Snake Oil.

## Daily Use (at 14:30 — each serving)

| What              | Amount | How                                     |
|-------------------|--------|-----------------------------------------|
| Dressing from jar | 4 tbsp | Pour over assembled greens              |
| Turmeric (ground) | ½ tsp  | Sprinkle on WET dressing before tossing |
| Black Pepper      | ¼ tsp  | Grind FRESH — sprinkle on wet dressing  |

Turmeric and pepper go on the wet dressing — never pre-mixed into the jar.

■ Do NOT add Turmeric or Black Pepper to the master jar — they go on fresh at eating time only.

## Lipid Lever (Coconut Milk days)

If you add Coconut Milk to your 12:00 Chaas, subtract 1–2 tbsp oil from the 14:30 dressing to keep total lipid load balanced.
