

3-Week Batch Session

Run every 3 weeks — 35 min/cup/person — no cooking after tadka

Night Before

Soak 4 tbsp fenugreek seeds in water overnight.

Session Timeline

Time	Step	Output
T+0:00	Setup — ingredients out, start water boiling	—
T+0:05	Pre-chop: curry leaves (½" pieces), break chili to flakes	—
T+0:08	Tadka — mustard seeds pop → curry leaves + chili + hing → BLOOM 15–20 SEC EXACTLY → off heat → cool 5 min	~21 cubes
T+0:15	Blanch mint + cilantro together — 10–15 SEC, ice bath, squeeze, separate into two piles	—
T+0:20	Pour cooled tadka into mini tray (1 tsp per cell)	21 cubes
T+0:22	Blend Jaljeera concentrate → pour into tray	21 cubes
T+0:27	Blend cilantro chutney → pour into tray	17–18 cubes
T+0:32	Blend coconut chutney — 2 Vitamix runs × 6 min	48 cubes
T+0:44	Blend mint muddle → pour into mini tray	21 cubes

T+0:5 4	Fenugreek paste — drain seeds, blend immersion, pour	12–14 cubes
T+1:0 4	Aloe topical refresh (only if running low)	~14–28 cubes
T+1:1 9	Label all trays, freeze flat — do NOT stack until frozen	—
T+1:2 4	Cleanup	Done

Key Ratios & Rules

Item	Critical Number	Rule
Tadka bloom	15–20 sec exactly	Beyond 30 sec → alkaloids degrade. Use a timer.
Blanch time	10–15 sec	Set timer. Ice bath $\geq 1:1$ ice:water ratio.
Coconut per Vitamix	4 cups max	One run = 4 cups → ~24 cubes. 2 runs = 48.
Mini cube size	1 tsp per cell	Tadka, mint muddle, fenugreek, ginger cubes.
Regular cube size	~2 tbsp per cell	Jaljeera, cilantro chutney, coconut chutney.
Freeze stability	3 weeks	Cilantro, coconut, Jaljeera, mint muddle.

3-Month Big Session

Run every 3 months — half day across 2 days — RS3 chill is the bottleneck

Night Before Day 1

Clear chest freezer. Soak chickpeas (5 kg) and black beans (4.5 kg) separately overnight.

Day 1 — Cook & Chill (~4h active)

Order	Task	RS3 / Chill Rule
1st	Cook chickpeas + black beans — pressure cook or boil until tender	CHILL 24h in fridge before freezing
2nd	Cook quinoa — 1 cup dry : 1.75 cups water, simmer 12 min, spread thin in 88oz Pyrex	CHILL 24h in fridge before freezing
3rd	Cook lentils — simmer 20–25 min, spread thin to cool	Chill 12–24h
4th	Aambali — 5 pot batches: 4 cups ragi flour + 14–16 cups cold water per pot → whisk → medium heat → stir constantly ~10 min until thick + glossy → spread in glass containers	CHILL 24h — spices + portioning happens Day 2
5th	Freeze tofu slabs raw — slice 400g block into 4–6 slabs, flat bags	No chill needed
6th	Juice 50 lemons → ice cube trays → freeze	No chill needed
7th	Imli-Khajur chutney — Medjool dates + Tropicana tamarind → blend → 24 qt pot → cook 15–20 min → cool → freeze (card 13)	~96 cubes

8th	Aloe gel cubes — drain latex 10–15 min → fillet → scoop → blend → tray	No chill needed
-----	--	-----------------

Day 2 — Portion & Freeze (~2h)

Task	Portion	Into
Aambali — finish + portion	Whisk ½ tsp cumin + ¼ tsp black salt per serving into cold paste → scoop ½ cup per muffin mold → freeze 4h → bag	Silicone muffin molds → zip-lock 'Aambali Base' ~90 cubes total
Chickpeas	1.5 cups cooked	Flat freezer bags
Black beans	1.5 cups cooked	Flat freezer bags
Quinoa	½ cup cooked	Flat freezer bags
Lentils	½ cup cooked	Flat freezer bags
Ginger knobs (freeze whole)	~2 kg total	One large bag
Garlic (freeze peeled cloves)	~25 heads	One bag
Cilantro — blanch 10–15 sec then freeze	15 large bunches	Bags by batch
Mint — blanch 10–15 sec then freeze	8 large bunches	Bags by batch
Chilies — freeze whole	All varieties	Labeled bags

■ **RS3 RULE** — chickpeas, black beans, quinoa, lentils **MUST** chill 12–24h in the fridge before going into the freezer. This is the hard bottleneck. Fridge must be fully cleared the night before Day 1.

Spice Jars — Refill on 3-Month Day

Check dry jars: Kashmiri chili (~50g), Turmeric (~150g), Cumin seeds (~200g), Cumin powder (~100g), Coriander powder (~100g), Black pepper whole (~100g), Ajwain (~50g), Nigella (~50g), Mustard seeds (~50g), Hing (~10g).
